

Various modules of specialized certificate training courses in laboratory animal science and animal welfare based on CPCSEA norms

Module nos.	Module Details	Stakeholders	Minimum qualification	Minimum Duration of Training	Number of candidates' acceptance	Frequency of training in one FY	Fee structure for various categories
1	Laboratory animal care and management including animal handling and restraint and common procedures of sampling and dosing	Sponsored students	Graduate in Life sciences	Two weeks	Category 1: Group training (Up to 5-10 candidates in a batch)	Biannual subject to completion of batch strength	Category 1: Rs. 8000/- per candidate
					Category 2: Individual sponsored candidates	As per requirement of sponsorers	Category 2: Rs. 10000/- per candidate
2	Laboratory animal care, breeding and management including animal handling and restraint, common procedures of sampling & dosing	Sponsored animal technicians	Intermediate with science and biology	Two weeks	Category 1: Group training (not more than 10 candidates in a batch)	Biannual (on completion of batch strength)	Category 1: Rs. 10000/- per candidate
					Category 2: Individual sponsored candidates	As per requirement of sponsorers	Rs. 15000/- per candidate
3	Care and management of laboratory animals including animal quality control programmes	Sponsored Officers, Scientists, Veterinarians & Academicians	Graduate in life sciences	Two weeks	Category 1: From Government/ Public funded institutions	As per requirement of sponsorers	Category 1: Rs. 12000/- per candidate
					Category 2: From private institutions/ industries		Category 2: Rs. 16000/- per candidate
4	Project training in laboratory animal care, breeding, management, quality control	Sponsored Post graduate students	Individuals Pursuing PG course in life sciences	4-6 months	Category 1: From Government/ Public funded institutions	As per requirement of sponsorers	Category 1: Rs. 6000/ per month per candidate
					Category 2: From private institutions/ industries		Category 2: Rs. 8000/- per month per candidate
5	Scientific & Technical Aware programmes for in-house research scholars	Pursuing PhD scholars in Life science in CDRI		One week	Not more than 20 candidates per batch	Biannual, as per academic schedule	NIL
6	General care of laboratory animals and management of laboratory animal facility	Sponsored Officers, Scientists, Veterinarians & Academicians	Graduate in life sciences	One week	Category 1: From Government/ Public funded institutions	As per requirement of sponsorers	Category 1: Rs. 6000/ per candidate
					Category 2: From private institutions/ industries		Category 1: Rs. 8000/ per candidate

Remarks:

- The above courses will be organized in Laboratory Animal Facility old and new campus as per requirements.
- If time permits the candidates may be allowed to visit various labs of biological sciences discipline for general interaction on the topics of their relevance.
- Periodic course evaluation will be an integral part of all training modules. Only successful candidates will be awarded certificates.
- Out-stationed candidates will be provided hostel facility on payment basis subject to availability of accommodation.
