CSIR – Central Drug Research Institute, Lucknow

Call for Expressions of Interest

for EMPANELMENT OF CONTRACT RESEARCH ORGANIZATIONS (CROs) / CONTRACT RESEARCH AND MANUFACTURING ORGANIZATIONS (CRMOS) FOR CUSTOM SYNTHESIS OF CHEMICAL COMPOUNDS

CSIR-Central Drug Research Institute, Lucknow, a premier Institute under Council of Scientific and Industrial Research (CSIR), is involved in multidisciplinary biomedical research to develop drugs of relevance for India. To date, CDRI has discovered and developed 13 new drugs including Centchroman, an oral contraceptive and α - β -Arteether for cerebral malaria & chloroquine resistant malaria.

CDRI's areas of interest are Microbial infections, Parasitic infections, Viral infections, Cancer, Metabolic, Endocrine and Neurological Disorders, Reproductive health. The Institute has a rich pipeline of drugs & technologies, including synthetic compounds, phytopharmaceuticals, formulations and diagnostics. CDRI intends to develop these for national and international markets. Please visit <https://cdri.res.in/> for more details.

In order to expand the Compound library of the Institute for biological evaluation against different therapeutic indications, the institute is interested to outsource the activity related to synthesis of compounds. In this context, CSIR-CDRI invites expressions of interest for impaneling of Contract Research Organizations (CROs) / Contract Research and Manufacturing Organizations (CRMOS) for the custom synthesis of commercially unavailable chemical reagents, reference standards, intermediates, building blocks, novel molecules, impurities or the first samples of functional compounds. The company should be able to provide everything from route scouting service for entirely new molecules via first batches of the substance to the validated scalable synthesis protocols.

We invite interested firms with the requisite experience to submit an Expression of Interest (EoI) for their empanelment .

Scope of work

The scope of work would involve the synthesis of compounds in designated quantities via a new protocol, published or known protocol with the required purity. The chemical classes of compounds would include :

- i. Heterocycles
- ii. Alicyclics
- iii. Natural Products or their analogues
- iv. Carbohydrates
- v. Peptides and peptidomimetics
- vi. Nucleotides and nucleosides
- vii. Metabolites
- viii. Chiral chemistry & Asymmetric synthesis

All compounds to be furnished in an amount of 100 mg or more (as agreed upon) with >98% purity together with physical and spectroscopic data (NMR, Mass, rotation, HPLC, etc). Company(ies) having capability for large-scale synthesis and cGMP facility (optional) shall be preferred.

Eligibility Criteria

Indian firm with more than 3 years of experience and proven track record in custom synthesis services to national and multinational companies and organizations.

Period of empanelment

Engagement may be for up to **12 Months**, extendable as per need.

Application procedure

Interested eligible firms may submit a cover letter summarizing the firm's experiences, key achievements and motivations for wanting to work with CDRI along with photocopies of certificates of credentials, client served. Enclose a list of similar work / services provided successfully in the last 5 years in CSIR labs, Government organizations and Private Agencies along with brief non-confidential details of the work .Enclose relevant documents/certificates to ascertain the satisfactory completion of the work/service provided **within 30 days from the date of notification on www.etenders.gov.in** .

A Technical Committee, constituted by the competent authority shall evaluate the applications and shortlist firms for further proceedings. Short-listed firms shall be invited for the technical presentation/discussion scheduled on a suitable date, which would be communicated to the concerned firms.

If any information furnished in the application is found incorrect at a later stage, the firm shall be liable to be debarred from participation/taking up work in CSIR. CSIR-CDRI reserves the right to verify the particulars furnished by the applicant independently. CSIR-CDRI reserves the right to reject any application without assigning any reason.

Head,BDG
